

Animal Control System

Product Definition

The Animal Control System is designed to track and record all registration, billing, and collections for animal control licensing.

ACS' Solution

ACS provides an integrated suite of financial systems for state, county, and city government agencies. Our Animal Control System tracks licensing and processing of animals with additional features that include:

- ◆ *Accounts receivable adjustment processing*
- ◆ *Quick online access of the animal database*
- ◆ *Penalty processing and tracking for late payments*
- ◆ *Multiple inquiry by database field*

Benefits of ACS

ACS is one of the largest providers of government software in the nation with nearly 200 office locations nationwide. We have been in the business of helping government help people for nearly 30 years. ACS has an in-depth understanding of the government arena and the requirements that must be fulfilled for public servants to faithfully meet the demands of their professions. The Animal Control System assists in managing the animal license processing.

Important Features

- ◆ *Selective billing cycle*
- ◆ *Cash application and receipt recording*
- ◆ *Adjustment processing of accounts*
- ◆ *Three-year licensing*
- ◆ *Mailing labels reporting*

Animal license processing can be simplified and automated with this easy to use product.

Animal Control System
