

## Parking Citation System

### Product Definition

The Parking Citation System is designed to track and record fines and fees accompanying citations.

### ACS' Solution

ACS provides an integrated suite of financial systems for state, county, and city government. Our Parking Citation System records the daily activities of citations, fines and the printing of warning notices with the following benefits:

- ◆ *Records are always up-to-date since citations can be entered and posted daily.*
- ◆ *Provides reports that allocate revenue by violation, location and date.*

### Benefits of ACS

ACS is one of the largest providers of government software in the nation with nearly 200 office locations nationwide. We have been in the business of helping government help people for nearly 30 years. ACS has an in-depth understanding of the government arena and the requirements that must be fulfilled for public servants to faithfully meet the demands of their professions. The Parking Citation System provides up-to-the-minute citation transaction information for efficient and reliable management.

### Important Features

- ◆ *Inquire by multiple search options*
- ◆ *Interfaces collections from Cash Register System*
- ◆ *User-defined value tables for fees and penalties by multiple citation types*
- ◆ *Surcharges and processing charges can be flat fees or percentages of the original fine*

*This system allows for efficient tracking of all citations and associated revenues.*

# Parking Citation System
