

Vehicle Sticker System

Product Definition

The Vehicle Sticker System is designed to record all information about vehicles owned by your city/village residents and will charge the annual fee for a state vehicle sticker.

ACS Solution

ACS provides an integrated suite of financial systems for state, county, and city government. Our Vehicle Sticker System will track vehicle information and process all aspects of the annual license fees with the following benefits:

- ◆ *Produces vehicle application forms*
- ◆ *Maintains payments, penalties and past due amounts*
- ◆ *Flexible reporting options and printouts*
- ◆ *Allows the user to define different rates by account types*

Benefits of ACS

ACS is one of the largest providers of government software in the nation with nearly 200 office locations nationwide. We have been in the business of helping government help people for nearly 30 years. ACS has an in-depth understanding of the government arena and the requirements that must be fulfilled for public servants to faithfully meet the demands of their professions. The Vehicle Sticker System provides up-to-the-minute tag and account transaction information for efficient and reliable management.

Important Features

- ◆ *User-defined license fees based on flat rates and/or vehicle weight*
- ◆ *Handles transfer and/or replacement tags*
- ◆ *Multiple operators data entry and access*
- ◆ *Ease of payment entry through barcode processing*

The simplified renewal allows ease of processing during the annual application licensing.
