

Tax Billing Collection System

Product Definition

The Tax Billing Collection System is a user-orientated collection system providing all the capabilities required by tax collectors in the collection of ad valorem and non-ad valorem tax, current and delinquent.

ACS' Solution

ACS provides a comprehensive suite of tax systems for state, county, and city government. Our Tax Billing Collection System provides flexibility and user customization and delivers the following benefits:

- ◆ *Immediate posting to taxpayers' parcels for consistency of data*
- ◆ *Increased accuracy through automated sales tax functions*
- ◆ *Improved productivity with automatic distribution of tax dollars*
- ◆ *Easy operation through user-friendly displays*
- ◆ *Comprehensive reporting capabilities to meet user-defined requirements*

Benefits of ACS

ACS is one of the largest providers of government software in the nation with over 200 office locations nationwide. We have been in the business of helping government help people for nearly 30 years. ACS has an in-depth understanding of the government arena and the requirements that must be fulfilled for public servants to faithfully meet the demands of their professions. We have delivered efficient property tax and appraisal systems to more than 250 government clients. ACS Tax Billing Collection System's customizable functions and reporting capabilities provide complete control for efficient and accurate tax management.

Important Features

- ◆ *User-defined reports*
- ◆ *Forms generator*
- ◆ *IRS 1099 processing*
- ◆ *Tax sale distribution*

Our system is user-oriented to handle the unique needs of tax offices.
